

# Cumberland Hoke Regional Hazard Mitigation Plan Public Draft Input Opportunity

## Floods, Wildfires, Tornadoes, Winter Storms, Hurricanes...What Concerns You?

### About the Cumberland Hoke Regional Hazard Mitigation Plan

The counties of Cumberland and Hoke, in coordination with their participating municipal jurisdictions, are finalizing a regional hazard mitigation plan that covers the two-county area. The Cumberland Hoke Regional Hazard Mitigation Plan identifies local policies and actions for reducing risk and future losses from natural hazards such as floods, severe storms, wildfires, and winter weather.

We need your voice to help identify risks, prioritize concerns, and shape strategies to reduce future impacts. Please take a moment to review the Cumberland Hoke HMP draft and provide feedback by clicking the following link or scanning the QR code:

#### Cumberland Hoke HMP Draft:
